

Nursing Education to Create Proficient Nursing Students

**Sagarlal Memorial Hospital &
Matadin Goel Research Center**

MKB College of Nursing, Hyderabad

Sagarlal Memorial Hospital was **established in the year 1974**. The activities of the clinic were confined to two ramshackle sheds which housed the out-patient and in-patient departments. From this stage, today the medical centre has bloomed into a **full-fledged hospital with 150 beds**, three operation- theaters, ICU, special pediatric ward and other modern diagnostic facilities like X-ray, ECG, 2D Echo and Ultrasound scanning. The hospital also has a pathological laboratory with qualified Pathologists and a Bio-Chemist and other modern facilities of clinical care.

The hospital added a **Research centre named Matadin Goel** to it in the year 1980. In 1992, the board of Trustees started a MKB College of Nursing in the same premises.

This hospital was one of the first institutions to get CGHS recognition. Eminent celebrities have visited the hospital. For important functions of the hospital, Governors, Religious Leaders and Senior Civil Servants are invited.

My years at MKB college of nursing, I had the greatest time, and made some best friends, teachers and professors were "AMAZING", they guided through my studies and had the best possible support a college could provide.

I would like to thank the entire management of MKB for such a pleasurable experience and for all you do to make my dreams come true.

I now work as a registered nurse in USA . "

Geofy Thomas [2002 Batch]

" I couldn't imagine myself settling down so quickly as a nurse in New Zealand without the knowledge and experience that I gained through Mother Krishna Bai College of Nursing. My experience here has been splendid so far and I don't hesitate to recommend MKB College Of Nursing to any prospective student looking to fulfil a lifetime ambition. "

**Raylenne Joan Mendez
(2004 Batch)**
